EUROPE AWAITING CALL TO ARMS

Kaiser William Expected to Declare War on Russia Today.

WORLD IS ALARMED

Martial Law Proclaimed in Germany —Dispatches from Prussian and Austrian Capitals Censored.

London, July 31.—Official England is in momentary expectation of a formal declaration of war by Germany against Russia. Semi-official information shortly after 3 p. m. states that Germany has been officially declared "in a state of war."

The latest move places all railroads, telegraph lines, channels of communication and transportation directly under the army.

The German war department's martial law has now superseded all civil authority throughout the empire, and, while no formal announcement of the fact has yet been made to the powers, it is generally believed in London that the German mobilization is already secretly under way.

Cable communication between Berlin and London has been seriously interfered with during the day and all incoming dispatches bear evidence of the most rigid censorship.

All inquiries from London newspapers and news agencies, the answers to which might in any way shed light on internal happenings in Germany, the movement of German troops or war vessels, have gone unanswered.

All diplomatic intercourse has apparently come to a standstill and every embassy in London has adopted a non-communicative attitude while awaiting the announcement from Berlin that war has actually been declared.

British military experts are generally quoted as expressing the belief that when the actual declaration is made, Germany's mobilization will be shown to have progressed to such a point as to cause consternation on both the French and Russian frontiers.

Detailed information from the Sehvian scene of activities is practically nil. Obviously, Vienna has clapped on a rigid censorship and little detailed information from the Balkans is expected until after the Berlin situation has come to a head.

The German embassy interpreted the report as meaning that every part of the German empire would be affected by the State of war order, except Bavaria.

Under the German law a separate promulgation of a "state of war" is necessary for Russia. It is expected such a proclamation will be issued immediately.

WARS AND RUMORS OF WAR.

Berlin, July 31.—(Passed by censor)—A series of explosions were heard on the Russian side of the Austro-Russian frontier at Myslowitz early today and the Czars troops are reported to have blown up a big bridge over the Vistula, messages received here declare.

The bridge reported to be blown up is an important one on the Vienna-Warsaw Railroad. Myslowitz is 116 miles southeast of Breslau, and about 30 miles east of Cracow in Galicia.

Berlin, July 31.—(Passed by censor)—Prices on food imported from Russia doubled today. Potatoes are unobtainable. There were no London mails today.

NEWS OF THE DAY

There was a slight snowfall along the glades on the mountains above Oakland, Md., and very cold showers at Cumberland, yesterday. Gas stoves were lighted, and people generally felt the sharp change in the temperature.

Owners of all houses within the block bounded by Columbus and Amsterdam avenues and Seventy-sixth and, Seventy-seventh streets New York, who are at their country homes, have been asked by the police to return at once and see if their homes have been ransacked by burglars. Already six residences in the block have been found to have been looted and at least $75,000 worth of valuables stolen, while paintings, rugs and furniture valued at even a greater amount have been ruined by the vandals.

A verdict of guilty of murder in the second degree was returned by the jury in the Bessie Wakefield murder case in New Haven yesterday afternoon. Mrs. Wakefield's husband was murdered June 22, 1913. James Plew has already been hanged for the crime. At her first trial Mrs. Wakefield was sentenced to be hanged.

That he has sufficient evidence to convict Mrs. Florence Carman of murder in the first degree for the slaying of Mrs. Louise Bailey in Dr. Carman's office in Freeport, L. I., was the statement yesterday of District Attorney Smith, of Nassau County. Smith said: "Celia Coleman, Carman's maid, knows all about the .38 calibre gun with which the killing was done. She can tell all about it, too. The case is now complete. We can convict for first degree manslaughter or for first degree murder."

There is yet no cessation of hostilities in Mexico, according to a dispatch received by the Constitutionalist agency in Washington, reporting the capture of the city of Guanajuato by revolutionist forces under Gen. Jesus Carranza.

The Norwegian aviator, Lieutenant Gran, who was a member of Scott's Antarctic expedition, made a successful flight over the North Sea yesterday from Croudin Bay, Aberdeenshire, Scotland, landing at Kiep, near Stavanger, Norway. He accomplished the flight of 320 miles in four hours and ten minutes.

Mr. and Mrs. Singe Holm Sivard started yesterday afternoon from the Battery at New York on a trip across the Atlantic in their corkleshell motor lifeboat. The insurance companies have refused to accept the risk.

Throwing snow balls in mid-summer was a new form of sport for Pittsfield, Mass., boys yesterday. A heavy hail storm occurred at noon. The hail stones were six inches deep in front of the city hall, where they rolled off the steep roof.

L. B. Hoskins, contractor, of Ashtabula, Ohio, was killed instantly, and Leslie Miller, of Austinburg, died an hour after an excursion train on the Nickel Plate Railroad struck their automobile near Geneva, yesterday.

Brooding over the losses they had suffered as a result of the war crisis, Eugene Bier, a well-known banker, of Berlin, and his wife yesterday committed suicide by taking poison.

Drowning of more than 3,000 persons and property losses of $4,000,000 resulting from great floods sweeping through 29 districts in the province of Kwantung, China, are reported in consular advices to the State Department from Canton. Eight million persons are in want, the report added, crops have been destroyed and the country is still under water.

WILL NAME MAN SOON.

Washington, July 31.—President Wilson intends to appoint a member of the Supreme Court to succeed the late Justice Lurton during the present present session of Congress. He is now investigating the qualifications of lawyers suggested to him, including about ten judges from different States, and several members of the cabinet. The President told callers today he would name a man very shortly, because he did not approve of recess appointments.

SERIOUS STATE OF MONEY MARKETS

While Excitement Is on World Dumps Shares Into This Country.

EXCHANGES CLOSE

Suspension of Business on London, Chicago, Philadelphia, New York and Boston Exchanges.

New York, July 31.—Facing the enormous task of absorbing all of the world's stock business, the New York Stock Exchange decided to close today. The board of governors held that unloading of securities might result in depressing prices to a panicky figure.

The Consolidated Stock Exchange also closed shortly after opening today. It took its cue from the action of the New York Stock Exchange.

The board of governors felt that it was inadvisable to subject the market here, which, despite the flood of selling orders, has been maintained, a relatively strong position to the veritable avalanche of selling orders from all over the world. The action of the board followed the closing of the stock exchanges in London and the principal cities of Great Britain.

The Exchange yesterday was the only first-class exchange in the world open and doing an unlimited business.

Chicago, July 31.—The Chicago Stock Exchange today closed until further notice.

The Philadelphia Stock Exchange was ordered closed today.

Boston, July 31.—The Boston Stock Exchange did not open today.

Pittsburgh, July 31.—The Pittsburgh Stock Exchange did not open today.

London, July 31.—The committee today decided to close the stock exchange until further notice on account of the international war crisis. This is the first instance in modern times when the London Exchange has suspended all business.

WANT WILSON TO SPEAK.

President Will be Urged to Help Make Virginia Solidly Democratic.

Washington, July 31.—It has become known here that strong efforts will be made to induce President Wilson to visit Virginia and speak to the people of the Ninth district when he starts out on his ante-election swing in October. That he will make several speeches elsewhere has already been decided, and the leaders in the Virginia Democracy are extremely anxious that he shall go to their State and do what he can to make the Old Dominion solidly Democratic.

There are ten congressional districts in Virginia, nine of them being on the Democratic side, and one only—the Ninth—belong to the Republicans—or as it has been commonly called in recent years the "Slemp" district. It is there that the Virginia Democrats are now massing their forces to prevent the return to congress of C. Bascom Slemp, who has held the seat in congress, for the last five or six years, formerly held by his father.

Farmer Killed by Train.

Staunton, Va., July 31.—Hit by a passenger train while he was walking on the Chesapeake and Ohio Railroad tracks yesterday, Lewis Smith, a farmer of Raphine, near this town, suffered injuries that caused his death in the King's Daughters Hospital four hours later. He is survived by his widow and two daughters, Mrs. Finley McClure, of this county, and Mrs. Frank Smith, of Culpeper, Va.

SUMMER SCHOOL.

On August 3rd, I shall open a summer school at the Lee School for the purpose of coaching pupils who are deficient in their school work. Terms $2.50 per week for one subject, and special terms for additional classes.

Signed M. N. FISHER.

WAR WILL HAVE NO EFFECT IN ALEXANDRIA

That the threatened world-wide war and the consequent tightening of the money market in the United States will have no effect in Alexandria was the unanimous opinion of people well versed with the financial affairs of the community today. While there may be some considerable withdrawal of funds now on deposit with the banks for the purpose of buying bonds and stocks at the low prices at which they are now selling it will not cause any noticeable effect upon the local money market.

It is generally conceded that things in Alexandria are on an unusually sound basis. There have been no signs of over development and all of the business concerns of the city have been very conservative during past year in not incurring expenditures beyond those absolutely necessary. The affairs of the few weak companies which have been placed in the hands of receivers have been practically settled up without loss to anyone in Alexandria.

Few cities in the country can wait with such complacency the commencement of a war that will shake the world or a financial situation at home that may present some wide spread difficulties as can Alexandria.

PLAY GROUNDS POPULAR.

Over 300 Children Enjoy Pleasure Spot.

The playground is now working on a firm basis, nearly three hundred children are on the grounds during the day, and but for the efficiency of our directors and her able assistant, we could not amuse and keep so many children in order.

The work done by the children is remrakable, considering the short time of tuition. The directress has them in training for a sylvan play which will be given the last week in August.

Many of the mothers tell how much the play ground has helped them this summer, keeping the children off the streets and instructing them at the same time.

The following contributions are acknowledged. Mrs. Ella Hammond, through Mrs. T. C. Howard, $10; Mr. J. Ellis Norris, through Miss Angler Nevitt, $5; Mrs. Clarence French, $1.00; Mr. and Mrs. Taylor Burke, $2.00.

Thanks are also extended to the Indian Guard Band, for their delightful concert Tuesday evening, and to Mr. W. W. Demaine for the loan of chairs.

"MUSICIAN" TO LEAVE CITY.

Operator on Mouth Organ Released Upon Promising to Shake Dust of City.

A negro who has for some time been using a mouth organ for the purpose of attracting the attention of passersby on the streets was brought before the Police Court this morning to answer the charge of vagrancy. Upon being placed before the bar he alleged his eyesight is defective and that he is a performer on the guitar as well as the mouth organ, but, fortunately, he does not possesses a guitar at present, and is compelled to confine his talents to the smaller instrument.

It being apparent that Alexandria already has a large percentage of people native and to the manner born who are afflicted with cacoethes loquendi—i. e., a propensity to play upon the mouth organ—he was told he would be liberated if he would leave Alexandria at once. This the darkey agreed to do and he was liberated.

Hail Storm in Maryland.

A violent hailstorm swept over Washington county, Md., yesterday afternoon. At places the ground was covered to the depth of an inch. The fall was particularly heavy around Williamsport. In the vicinity of Greencastle, Pa., considerable damage was done to vegetables and fruit.

REPUBLICANS TO RUN IN VIRGINIA

Four Candidates Will Contest for Seats in Congress from State.

PARSONS IN FIFTH

Reported that He Will Oppose E. W. Saunders—J. L. Crupper May Put Hat in Ring in the Eighth.

Washington, D. C., July 31.—It is practically certain that there will be Republican candidates in the field in four of the ten Virginia districts in the congressional elections this fall. This in indicated by the plans being made at several conferences held in Washington during the past ten days among leaders of the Republican party in the State.

Besides the Ninth District where Congressman C. Bascom Slemp will be a candidate to succeed himself, there are almost certain to be Republicans runing against Congressman Saunders in the Fifth, Congressman Hay in the Seventh, Congressman Carlin in the Eighth and Congressman Holland in the Second District.

In Carlin's district a convention of the Republicans has been called to meet at Alexandria on September 5th to nominate a candidate. That candidate will most likely be Joseph L. Crupper, of Alexandria county, who has been prominent in Republican circles in that district for several years. Mr. Crupper was postmaster at Alexandria during the McKinley administration. A few years later he ran for State Treasurer on the Republican ticket and was a member of the Virginia State Republican Executive Committee until two years ago. Mr. Crupper is engaged in the lumber business in Washington.

In the Fifth District candidates have not been so freely discussed, but it is more than probable that J. M. Parsons, of Grayson county ,will be a candidate against Saunders. Parsons opposed Saunders in 1908 and 1910 and was defeated both times by majorities of less than 100. Since that time, however, Charlotte and Halifax counties have been been taken out of Congressman Glass' district to make a safe Democratic margin in the Fifth. This should give Saunders a majority of about 1,500 at least.

In Congressman Hay's district John Paul is being talked of most for the Republican nominee. He is at present a State senator from Harrisonburg. He ran against Hay once on a split Republican ticket. Paul's father once represented that district.

With the exception of the Ninth District, which has been Republican for several years, there is little chance of electing Republican congressmen. Presumably an effort is to be made to keep up the Republican organization and keep it in working order to await possible optimistic eventualities.

Another point which will be gained will be to keep the other Democratic congressmen so busy in their own districts that they will be unable to render any material aid to R Tate Irvine, the Democratic nominee in the Ninth District.

What hope there might have been of electing more Republican congressmen from Virginia has been lost by delaying the opening of the contests until now. Had the fights been started in the spring it would have been possible to have all the Republican voters register. But now thousands of Republicans have failed to register as required by State law, and consequently are ineligible to vote this fall. Considerable might have been gained, by starting the campaigns earlier.

In the Second District, represented now by Congressman Holland, it is understood that sentiment has not settled on a candidate, but the Republicans are talking "fight" and say they will have a man in the field in due time.

Miss Cora Smoot, of Braddock, has gone to Leesburg.

GREEK FLAG ON MISSISSIPPI.

Former U. S. Battleship is Named Kilkis With Impressive Ceremonies.

Norfolk, Va., July 31.—With impressive ceremony the former battleship Mississippi of the United States navy was christened yesterday, Kilkis and dedicated by representatives of the Greek government.

When the Hellenic colors were raised over the quarterdeck of the Kilkis, after the flag had been blessed by Rev. V. Labridi, of Washington, D. C., the ship's band played the Greek national hymn, which evoked enthusiastic applause. Then the band played the "Star-Spangled Banner," and the applause was equally as enthusiastic.

In a patriotic address the Greek minister to the United States, Agamemnon Schliemann, referred to the ship as an agency that has strengthened the Greek fleet and "which will help increase the power of our nation and the glory of our flag."

WHIRLED IN SHAFTING.

Workman Terribly Injured When Belt Caught His Apron.

Philadelphia, July 31.—Whirled around a shaft when his apron caught in a belt, Albert Turner, 53 years old, of No. 302 North Ninth street, was terribly mangled yesterday in the De Long Hook and Eye Works, Broad nad Wallace streets. Turner is in a critical condition in St. Joseph's Hospital. Four deep gashes were cut in his right leg, an artery of the leg was severed, the bones in his left leg and foot were crushed and his right thigh was crushed.

Turner was attaching a belt to a pulley when his apron caught. He was lifted from his feet and carried to the shafting, 15 feet above the floor. After he had ben whirled around the shafting several times the apron gave way and he dropped. Workmen applied tourniquets to his wounds to stop the flow of blood and a hurried run was made to the hospital.

WOMAN'S COUNSEL IS SURPRISED

Prosecution Brings Witness to Refute Evidence of Miss Wood.

CREATES SENSATION

Richmond Man Swears Hall's Revolver Was Fully Loaded One Week Before Louisa Tragedy.

Louisa Courthouse, Va., July 31.—Miss Mamie Rosson, school teacher, who was living in the Hall home, on the night of the murder, testified yesterday that when she was on her way to the grand jury room in May, Mrs. Hall stopped her and said: "Don't say anything in there that would give me away."

Miss Rosson was one of the first persons to reach Victor Hall's side after he was shot. The prosecution scored heavily with her testimony, and it is believed that her sensational evidence will lead to the revealing of the whole, true story as to how Hall met his death and what happened in the Hall home immediately after the murder.

Testimony tending to prove that the revolver with one empty shell under its hammer, found in Victor Hall's home after he was shot to death, was fully loaded one week before the murder, was offered by the state yesterday at the trial of the slain man's widow for her life.

Charles Johnston, of Richmond, cousin of Miss Essie Wood, who resided in the home of the Halls on the night of the killing, swore he examined the revolver on April 6 and was not only warned that it was "fully loaded," but made an examination of the revolver and found every chamber loaded.

The witness was questioned at considerable length about whisky drinking by Attorney Gordon, but he stuck to his assertion that the revolver was fully loaded on April 6. Victor Hall was shot to death on the morning of April 15.

W. R. (Buck) Dunkum, brother of Mrs. Hall's first husband, also testified yesterday. Enmity between Mrs. Hall and Dunkum is said to have brought about a number of incendiary fires at Green Spring station.

The state's theory in the murder case is that Mrs. Hall set fire to Dunkum's store on the night of April 14 and afterward shot her husband in the back of the head while he lay in bed, to prevent him from exposing her as the firebug.

Dunkum's testimony was important to the state's case and was followed with the keenest interest by the accused woman. During his testimony Dunkum was asked the direct question "Did you kill Victor Hall on the morning of April 15, He replied that he did not, and did not know who did kill Hall.

"They haven't proved anything against me and they won't" Mrs. Hall declared at the conclusion of the morning session. "They will have to manufacture evidence if they expect to prove anything against me, and I know they can't prove anything with manufactured evidence.

"Of course, my position is not a very comfortable one, but I am not uneasy. God is true, and I know my innocence will be proved."

BASEBALL ON SATURDAY

Cardinals and Tenleytown Teams Will Cross Bats at Park.

The fans who are clamoring for good games are now being given a chance to see some of the best teams in the District of Columbia and vicinity in action against the fast Cardinal Athletic Club which is playing an article of ball worth visiting the park to witness, and a large crowd including many ladies will watch the game Saturday afternoon at 4.30 o'clock between the Cardinals and the Tenleytown team, who are the pennant winners of the Marquette League.

The Tenleytown aggregation will surely prove to be a hard nut for the home lads to crack, but the feeling is that another victory will be added to string when the dust clears after the game Saturday. March, or Jones, who have been the mainstays of Tenley team will be on the slab with Hagar, behind the plate. The Cardinals will probably work Riston and McBride as their battery although this may be changed at the last minute to one of the other twirlers and with Merchant, the Cardinal star first sacker back on the job and "Indian" Allensworth to cover center field a la Milan the home lads will have their strongest players on the field.

The Braddock A. C. who registered a victory over the Cardinals last Sunday, will come back Sunday afternoon and the maroon and gray lads are planning to have revenge, and wipe out the 6 to 5 defeat.

SUSPECTED BURGLAR.

Excitement on Commerce Street at Late Hour Last Night.

At a late hour last night Mrs. Robert Cline, who resides on Commerce street, near King, discovered a strange negro in her vestibule, and his actions caused her to suppose he was preparing to enter the house. Mrs. Cline telephoned to the station house and Sergeant Wilkinson and Officer Roberts soon reached the house. Upon their arrival they found Robert Cline, Mrs. Cline's husband, who had returned from the brewery, where he is employed, in charge of the negro. Cline had a pistol in his hand and upon the arrival of the officers he turned his prisoner over to them.

The negro gave his name as Charles Jefferson. He said he was a laborer on the Fairfax County roads, had come to the city with fellow workmen, from whom he had become separated, and that he sat down on the front steps of the house to await their appearance, supposing they would pass over Commerce street on their way out of town. While seated he fell asleep. When he awoke he found Cline standing over him with a pistol at his head. He denied that he had any intention of breaking into the house.

Cline was not present at the examination of the case this morning and Justice Caton dismissed Jefferson.

Cline came to the station house a few minutes after the case had been disposed of.

BRICK COMPANY FAILS

Gardner L. Boothe and James R. Caton, Jr. Appointed Receivers.

The New Washington Brick Company, a Washington concern, whose plant is located in Alexandria county, near Arlington Junction, was placed in the hands of receivers today at noon. Judge J. B. T. Thornton of the Circuit Court of Alexandria, named Gardner L. Boothe and J. Randall Caton, Jr., both of this city, as receivers for the plant.

The application for a receiver was made by Enoch L. White, of Washington, who sued on behalf of himself and other stockholders and bondholders. The petition to the court was made on behalf of the company by James R. and H. B. Caton. The American Security and Trust Company, of Washington, who are trustees for the bondholders, was made a defendant to the suit and agreed through its attorney, Gardner L. Boothe, to the appointment of the receivers. G. Washington Lewis represented the brick company and also consented to the appointment of the receivers.

By the terms of the decree signed by Judge Thornton the receivers are authorized to borrow fifteen hundred dollars.

H. Noel Garner was appointed special commissioner to report on the liens and obligations of the company.

YOUNG MAN DROWNED.

Snyder I. Keys, of Quantico, Makes Fatal Dive.

Snyder I. Keys, 24 years old, of Quantico, was drowned in the Potomac off Washington, four miles south of Alexandria, at 3 oclock yesterday afternoon when he dived overboard to recover a small boat which had drifted from a schooner loaded with lumber, of which he and his father were in charge.

Keys, when he dived, became entangled in the grass at the bottom of the river and never had a chance, despite the fact that he was an excellent swimmer. His father, Capt. Charles M. Keys, witnessed the drowning, but was powerless to give aid.

John M. Reed, who is spending the summer at Wellington, together with his brother, James Reed, set out in a small rowboat and in about an hour and a half succeeded in recovering the body. It was found in the grass near the point where Keys dived.

Magistrate Arthur Kerby gave a certificate of accidental drowning.

The body was removed to B. Wheatley's undertaking establishment. It was sent today to his father's home at Quantico for burial.

Capt. Keys and his son left Quantico early yesterday morning in a boat loaded with lumber for Washington, to which port they were bound at the time of the drowning. Young Keys was unmarried.

WHAT ONE MAN CAN ACCOMPLISH.

Helen, the beautiful wife of Menaleus, by eloping with Paris, brought on the war between the Greeks and Trojans, which lasted ten years. The Duke of Buckingham is held responsible for a long and bloody war between England and France, brought about by one of his intrigues and Peter the Hermit originated the disastrous crusade movement which caused Europe to lose her reason for a time.

And now that a colossal European conflict is about to be precipitated Garvic Prinzip, the young assassin of the Archduke Ferdinand, heir to the throne of Austria-Hungary, and the Archduchess, is realizing that by his act thousands, and possibly millions, of human beings may have been swept from the earth by this time next year.

Napoleon III., whose popularity had been on the wane for some time, found his star about to set when his cousin, Prince Pierre Napoleon, shot and killed Victor Noir, a young and popular Paris editor. He believed that the only way to retrieve his fortunes was in the field. He had manifested stragetic ability at the battle of Solferino several years before. He accordingly forced a way with Prussia by making impossible demands upon Emperor William.

One of England's most tedious wars was with Abyssinia many years ago. This conflict was brought about by statemnts made by two Englishmen of real or imaginary injustice they had received from the Abyssinians.

The above are only a few of the many instances in the history of the world where one person has started a prairie fire which it took years to quench.

TUCKER FOR THE SUPREME BENCH.

The Staunton News, the Richmond Evening Journal, the Roanoke Times and the Danville Register, are some of the Virginia papers who have been urging the appointment of Harry St. George Tucker to the Supreme Bench to succeed the late Mr. Justice Lurton. The suggestion will certainly meet with approval in Alexandria, where Mr. Tucker has so many friends, as it will all over the country where Mr. Tucker's ability as a lawyer, a law writer and a law teacher are appreciated. The bar of the United States appreciated his talents when they elected him as president of the American Bar Association, a position which his father, John Randolph Tucker, had held before him, the only instance in which father and son have been accorded the highest honor that the bar of the United States can bestow.

The Richmond Journal, while giving Mr. Tucker the highest endorsement, does not take kindly to the suggestion that Virginia press the claims of Mr. Tucker. It says that Mr. Wilson probably does not care to have this course taken, for he is thoroughly familiar with the qualifications of Mr. Tucker for the high place of a justice of the Supreme Court. The two men have been friends for years. Mr. Tucker demonstrated this friendship in a signal manner in Virginia prior to the nomination of Mr. Wilson and in the State convention at Norfolk and the national convention at Baltimore. Mr. Wilson will not, and should not, make the appointment of a justice of the Supreme Court a matter of personal friendship, but the fact that a man so eminently fitted for this high place is a personal friend, should not disqualify him for appointment.

BLOODY CHAPTER IN OUR HISTORY.

While the world seems to be preparing for a titanic struggle, in which the words of General Sherman will again be verified, it may be stated that yesterday was the fiftieth anniversary of one of the most sanguinary chapters in modern warfare. The explosion of the crater at Petersburg is referred to with a shudder by former soldiers of the north as well as those of the south.

The story of the mine explosion and of the fierce battle that followed of the brilliant and heroic charge of Mahone's brigade, of the great Confederate victory, has often been told and is familiar to all readers of the history of the war. A Confederate regiment was destroyed and 4,000 federals were killed.

MAY STRIKE IN FAR EAST.

Clash of European Powers Might Occur in China Sea.

Washington, July 31.—The possibility that Japan might become involved in a general war should her ally, England, be drawn into the threatened vortex in Europe, has been discussed in diplomatic circles here. The existing treaty of alliance between Great Britain and Japan, signed in 1905 and renewed in 1911, provides that the two countries shall support each other in the event of an attack or aggressive action against either in Eastern Asia or India by another power.

Hankow, China, July 31.—The British gunboats Snipe, Woodcock and Kinsha, of the British China squadron, have been deserted by order of the admiralty. The crews removed the breach blocks from the guns, took away all the arms and ammunition possible and threw the remainder into the Yangstee-Kiang.

The three gunboats were tied to the docks and only caretakers left in charge. The crews have departed for Shanghai and later probably will into the Hongkong.

It is understood that the British Admiralty similarly is dismantling all the small British gunboats in Chinese waters, sending their crews to Hongkong and Wei-Hei_Wei, in order to defend those important possessions against a possible German attack.

Peking, China, July 31.—The German troops forming the guard at Tien-tsin have made preparations to proceed to Tsing-Tau, which, it is understood, will be attacked from the sea by the British fleet immediately on the declaration of war in case it should occur.

The protection of foreigners throughout China in case of necessity will therfore largely depend on the American and Japanese fleets and the foreign troops at the treaty ports.

BURGLAR ASSAULTS WOMAN.

Beats Her Unconscious in Making Escape From Hiding.

Hagerstown, Md., July 31.—Mrs. James E. Garver had an exciting encounter with a burglar at her home at Liberty. During her absence the robber entered the house and stole $35 in cash and other valuables. Before he had finished ransacking the house, Mrs. Garver returned and the thief hid in the garret.

Finding her house topsy-turvy Mrs. Garver called in several neighbors, who searched the premises, but failed to find the robber.

Later the burglar emerged from his hiding place and after knocking Mrs. Garver down and rendering her unconscious, made his escape.

Why Suffer from Rheumatism?
When relief from rheumatic pains may be had at so small a cost it is surprising that anyone should fail to avail himself of it. Joseph Copparelli, Canastota, N. Y., suffered intensely with pains due to rheumatism in his limbs for a long time. A friend told him about Chamberlain's Liniment. One application relieved him wonderfully, and a few days' treatment effected a cure. Many others have found quick relief by applying this liniment. For sale by all dealers.

GOVERNOR ON VACATION.

Leaves for Maine Coast to Join Family for Two Weeks.

Richmond, July 31.—Governor Stuart started on his vacation yesterday, leaving the city shortly afternoon for the North. He will go directly to the Maine coast, where his family is spending the summer months, and will remain there two weeks. Late in the forenoon, when the Governor was preparing to leave the executive office, Mayor Preston, of Baltimore, called to present his compliments. The Governor and the visiting Mayor chatted pleasantly for a quarter of an hour. Governor Stuart expressed his regret at being unable to attend the luncheon given by Mayor Ainslee at the Commonwealth Club in honor of the Baltimore party yesterday afternoon.

FATHER HELD FOR MURDER.

According to Daughter's Confession, He Is Responsible for Her Death.

Pulaski, Va., July 31.—Robert Peak, of the Boon Furnace section of the county, was lodged in jail here late yesterday night charged with the murder of his daughter, Myrtle, aged 13 years. The facts connected with the case bear evidence of the most revolting crime the county has ever had. The girl, in delicate health, was beaten and bruised by the father, it is alleged, in an effort to fix the responsibility for the condition upon some one else, when he, according to alleged confessions made by the girl, was himself responsible. As a result of these abuses the girl died on Tuesday.

Information was received here on Wednesday, and a warrant was sworn out by the attorney for the Commonwealth, the arrest being made late Wednesday night. The prisoner has nothing to say. He is about 30 years old, and has a wife and several other children. He will be given a preliminary hearing this week.

Kicked by Horse.

Harrisonburg, Va., July 31.—While plowing in a field on his farm at Kyger's shop, near McGaheysville, Lee Caldwell was kicked by a horse and knocked unconscious for two hours Tuesday.

The trace came loose from the single tree and dangled between the animal's feet. It let fly with both feet catching the plowman full in the chest with one foot. It is feared Mr. Caldwell is hurt internally.

THE THIN AND WEAK.

Easy Way for Them to Get Strong and Fat.

To the thin and weak E. S. Leadbeater & Sons have a word to say. Let them use Samose, the wonderful flesh-forming food that is now so popular, and they will soon become plump and rosy.

The large sale Druggists Leadbeater & Sons have had on Samose since they first introduced it in Alexandria and the wonderful results following its use, have made them such enthusiastic believers in its great merits that they give their personal guarantee to refund the money if Samose does not make thin people fat and restore strength and health.

When a gain is weight is noticed after Samose has been used for a week or ten days and health has improved, and you notice yourself growing stronger, you certainly should feel more than satisfied with what you have received from the small cost of 50c.

According to the statements of eye witnesses Pugh and the older Cornwell, both of whom were somewhat under the influence of liquor, had become engaged in an altercation, in which the younger Cornwall took part. Woman's Duty to Herself.

Every woman owes it to herself to keep in good health. No one can reasonably be expected to maintain a cheerful disposition when half sick. Indigestion and constipation are two of the most common ills to which women are subject and fortunately are easily cured. Mrs. H. C. Getty, Indiana, Pa., writes: "Last summer I was advised by a friend to try Chamberlain's Tablets for indigestion and constipation. This medicine not only cured me of these disorders, but toned up my whole system so that my health has been better than for years since taking them." For sale by all dealers.
